**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We choose a competitive provider because sometimes, the dominant or incumbent provider doesn't provide the service needed to maintain access. We had to wait on hold forever, go through troubleshooting steps that we've already done to verify that the problem is outside of our residence. We don't have to do that with a competitive provider, which is why providing competition is necessary and keeps things in balance. We hope you will consider policies that promote competition rather than stifle it.

Thank you,

Richard Wong
